

CPHQ[®]prep Products

Earning the Certified Professional in Healthcare Quality[®] (CPHQ) credential demonstrates your value and expertise as a healthcare quality professional (HQP). Those with the CPHQ designation are better prepared to improve outcomes through quality.

As you prepare for the CPHQ exam, supplement your studies with CPHQ Prep products from the National Association for Healthcare Quality. Each of these resources has been developed by HQPs for HQPs.

CPHQ Review Courses

LIVE

- An interactive 2-day workshop in select U.S. cities
- Based on the exam content outline
- Access to an instructor with experience in the field who can answer questions on the spot
- Great for those who prefer to study in a group environment

ONLINE

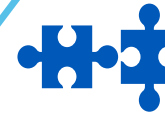

- A self-paced option
- Based on the exam content outline
- Access to content for 1 year
- Great for those who prefer to study independently or excel in a virtual setting

Both online and live CPHQ Review Courses will help participants

- understand how accreditation, recognition programs, and continuous readiness activities provide quality oversight
- determine how to collect, interpret, and use data
- perform and coordinate risk management activities
- recognize patient safety goals and priorities

Q Solutions

- A set of five books that provide detailed information on topics integral to the profession
 - Leadership and Management
 - Quality and Performance Improvement
 - Healthcare Safety
 - Information Management
 - Accreditation, Regulation, and Continuous Readiness
- The official companion book set for the CPHQ Review Course (live and online)
- Great for the visual learner

CPHQ Practice Exam

- Offers 65 multiple choice questions
- Provides immediate feedback with answer rationales for each question
- Access to the practice exam for 90 days
- Great for those who want to assess their readiness for the CPHQ exam
